

DENTAL INSURANCE

Protect your overall health by protecting your oral health

Maintaining the health of your teeth and gums gives you much more than an attractive smile. Research shows that oral health, preventative care, and regular dental visits are important to your overall health. In fact, gum disease has been linked to heart problems and can increase blood sugar, which can increase risk among diabetics.

BENEFITS

- Access to 146,000 dental professionals (in-network) nationwide
- Enjoy benefits as soon as your plan becomes active; no waiting periods
- Affordable access to quality care
- 100% coverage for preventive visits such as exams and cleanings

OPTIONS

- **Basic Dental**
 - Pays a benefit toward essential care such as an annual exam and cleaning, fillings, X-rays, simple extractions, and fluoride and sealants for children under the age of 14
- **Basic & Enhanced Dental**
 - Includes the Basic Dental option or you can choose to have enhanced coverage. Enhanced Dental pays a higher benefit on fillings and extractions, even paying on procedures such as crowns, bridges, and orthodontics.
- **Voluntary Dental**
 - Pays a benefit toward essential care such as an annual exam and cleaning, fillings, X-rays, simple extractions, and fluoride and sealants for children under the age of 14. It also provides select enhanced services.

In partnership with

Contact your administrator to see which of these plans are available to you. If your ministry does not have 100% participation in this dental group insurance, your ministry can still offer you the Voluntary Dental option.

TYPES OF COVERAGE

Coverage levels under the plan options depend on the type of care you receive. The types of care are defined as follows:

Type A: Diagnostic and Preventative

Covered at 100% with waived deductible and includes regular dental check-ups and cleanings

Type B: Basic Services

Includes fillings, anesthesia, and non-surgical endodontic and periodontic care

Type C: Major Services

Not covered under the basic option, Type C includes surgical endodontic and periodontic care under the Voluntary option and pre-diagnostic tests (oral cancer screening)

Orthodontia

Covered for children and adults under the Enhanced option, and for children under the age of 22 under the Voluntary option
