

**Investment Objective:** To achieve long term capital appreciation by investing in a diversified portfolio of International (non-US) equities from both developed markets or countries (DM), and emerging markets (EM).

**Investment Strategy:** The International Stock Fund employs a hybrid strategy by combining an international developed market index strategy and active strategies in international emerging markets and international small capitalization stocks. It is comprised of: 63.75% LGIM America, 11.25% Aberdeen Standard Investments, and 25% Acadian Asset Management, LLC.

**Abrdn** selects stocks utilizing a ‘bottom-up’ investment style which emphasizes company fundamentals. The fund employs a team approach, with asset managers based in each of the regions where they invest. Long term holdings with low portfolio turnover, and first-hand research are central to the firm’s strategy. This fund primarily invests in quality companies located in less developed countries in Asia, Africa, Latin America, and Eastern Europe.

**Acadian Asset Management, LLC** acts as the investment advisor to the Fund (in which SEI is the Trustee), where the investment objective is to seek long-term capital appreciation by investing primarily in common stocks of international small capitalization issuers, including exposure to issuers in the emerging markets. The investment process is systematic and designed to attempt to capture alpha by exploiting behaviorally-based mispricings within and across international equity markets.

**LGIM America** strives to replicate the risk and return characteristics of the Benchmark Index as closely as practicable, before expenses. To achieve this objective, the strategy invests its assets primarily in publicly traded equity securities. The proportion of securities held will be approximate to the weights of the Benchmark Index. The benchmark, MSCI EAFE (Net Return) Index, is an equity index which captures large and mid-cap representation across Europe, Australasia, and the Far East.

**Investment Management Company:** **Abrdn** is a publicly held global investment management group, managing assets for both institutional and retail clients from offices around the world, whose mission is to deliver strong fund performance across diverse asset classes in order to deliver a sustainable competitive edge.

**Acadian Asset Management, LLC** is a global, systematic investment manager. Founded in 1986, Acadian is headquartered in Boston, with affiliates located in London, Singapore, and Sydney. (“BSIG”), a Delaware corporation publicly listed on the NYSE.
